DEATH.

On the 16th January, at Bankside, India, Arthur Miller, Esq., of the late U.S. Consulate, his widow, M. A. of Hongkong and Chertsey, in his 81st year.

The steamer "Dian-d," we read in a confidential paper, put at Algiers on the evening of the 24th January, and reported very bad weather. Her dock-house was completely destroyed, her fore-deck and galley stove in, charboots and wheel-bench partly broken, three life-boats carried away, and twelve broken. There was always a certain satisfaction in anticipating the result of such a blow.

A fatality occurred on Saturday morning at the steamer "Dian-d," which had been to the port of Algeciras, and was reported to have been lost in the sea.

The following relays of the average amount of Hongkong notes in circulation and of specie in native coin recorded in the month ended 26th February, 1883, as certified by the Managers of the respective Banks are detailed—

ing out their object. If there was he would be glad to know if it was their intention to end that, and he abe's to avail of the opportunity which he thought at present existed in the name of the neutrality of Hongkong. That he wanted to know was whether they could carry on a legitimate banking business and operate in exchange the same as any other Eastern bank.

The CHAINMAN said they were under a restriction at the present moment which had been entered into when the institution was founded, and that they could not do what they thought best in the interest of the general interests. From that business we have abstained and confined our exchange operations to India. Circumstances have since changed, and he did not suppose when representation was made to the proper quarter that they would receive any objection than that they would be restricted in their operations by their own bankers.

The resolution for the adoption of the report and accounts was then put, and carried unanimously.

H. D. STEWART proposed the re-election of the retiring directors (Mr. Wm. Kewstow and Mr. P. D. Sessions); Mr. LIVSON seconded and the motion was carried.

The Directors (Messrs. Turquand, Young, and Co.) were re-elected, on the motion of Mr. HANCOCK.

The proceedings then closed with a vote of thanks to the Chairman moved by Mr. Worley, which was carried unanimously.

#### THE ACCIDENT TO THE P. & O. STEAMER "CITY OF PEKING."

At Peking, 7th February.

The Pacific Mail steamer City of Peking Captain Robert R. Scott, reached port early yesterday afternoon twenty-eight days from Yokohama, and is now moored to the dock at First and Beaver streets. The delay was caused by the breaking of the main shaft in the engine room on the morning of January 21st. When the accident happened there was a jar which woke up the sleeping passengers, but that they were quickly assured by the captain and officers that there was no cause for alarm. The engines were immediately stopped, so that there was no damage by pounding. When the accident happened the ship was 1,400 miles from San Francisco. The rest of the voyage was made under sail. The steamer was picked up about twenty miles southwest of the Farallon Islands at 3 o'clock yesterday morning by the two Farallons and towed to the harbor where the two Farallons also took hold and the steamer came into port at a two-knot rate.

The Pacific Mail, while all for seven days. Every man on board was, in the best of health, and with the exception of the long exposure to inclemency was experienced by the passengers. The fresh provisions held well and Chief Steward W. B. Chandler was able to present up to the time of reaching port a bill of fare that would have done credit to the best hotel in San Francisco. How well the passengers fared it can be appreciated by the dinner card for Sunday, the last full day of the long voyage. It is as follows:
